

MINISTRY UPDATE & PRAYER INSERT

CREATIVE COMMUNICATION

What's Happening - praise God for:

- Good teamwork and creative ideas for the 'Virtual Games', which attracted many people who would not normally come into the church.
- Events such as Peter and Fran's wedding, which give opportunities for creativity in decorating the church and making posters to put up outside.
- Some new and enthusiastic young poster-makers.
- The latest 'Book Bites' leaflet, recommending a range of new books on parenting which are available to borrow from the church library.

What we need

- As always – time, energy and motivation to organise poster workshops, so we can get together and produce fresh posters.
- The job of sorting and cataloguing existing posters has stalled for various reasons. We need one or two new volunteers to help.
- A new volunteer has offered to help with cataloguing the library books, but illness, busyness and IT complications have prevented us from moving ahead with this.

If you can help in any of these areas, please contact Yvonne (phone 737171 or email ycoppock@localdial.com).

Prayer Points – please pray:

- That we'll be able to find suitable times to get together to make posters during the summer holidays, within the constraints of holidays and family commitments.
- For volunteers to help finish the job of sorting and cataloguing existing posters, so they can be effectively used.
- That difficulties preventing progress with the library catalogue will be overcome.
- For creative planning and good teamwork for our 'Black Butter' harvest outreach in September.
