

MINISTRY UPDATE & PRAYER INSERT

POSTER MAKING

What's Happening – praise God for:

- A good response at the Ministry Fair in March – four new people are interested in making posters at St Paul's, and a visiting couple went home keen to make posters in their home church in Leicestershire.
- Several occasional poster-makers have a fresh enthusiasm and new ideas.
- Some great new posters are being made – make sure you look out for them on the poster boards outside church!

What we need

- Your feedback. Please let Yvonne know what you think of the posters outside church. The posters represent the church, and that means you!
- As new posters are continually being made, and older ones are taken in and out of the cupboard to be used, it is very difficult to keep them in any sort of order! If you're a good organiser, could you offer an hour now and then to help with sorting and cataloguing? If so, please contact Yvonne (ycoppock@localdial.com or 07797 818617).

Prayer Points – please pray for

- **Someone to help sort the posters** (see above)
- **Organising poster workshops** can be difficult (finding times that suit a good number of people when a suitable room is available in the Centre).
- We have booked a stand to promote the idea of poster-making at the **Christian Resources Exhibition in Maidstone in October**. Please pray that God will bring the right people to the stand and prepare their hearts in advance.
- That God will reveal the right succession strategy for organisation of the poster ministry, if it is to continue when Yvonne is no longer able to do it.
