

Children & Family Ministry

What's Happening:

We recently counted all the children who regularly attend St Paul's from baby to age 10 & we have 80 children within the Children's Ministry!

Little Lights – They love to sit on the parachute & pray on the spot, usually for their parents & family members.

Sparklers – Our little prayer & worship warriors, Sparklers are seeing real growth in their prayer life as they will very openly pray out loud independently for each other's needs. From anything to sore knees & friends having a hard time at school.

Sparks –they love to worship & play games, with so much energy & so many questions. Sparks is a real time for our children to find answers, friendship & love with one another as well as Jesus.

Hello to more new babies! The New baby meals have been going really well & a real Blessing to the parents who have signed up to receive them after their new arrival. I think most of the church now know that another new baby will arrive in November – Sophie's!

What we need:

With so many children we always need Helpers! If you have a love for children & want to see them growing with God speak to Sophie. There are many different areas to serve in The Children's Ministry.

We will be looking for more Leaders to support Elena at Tiny Tots on Fridays, leading dance and story time whilst Sophie is on Maternity leave next year. Ideally new members will come & join the team and be supported by Sophie & Elena over the coming months or from September.

Contact Dawn if you would like to be added to the new baby meal supplier list!

Prayer Points – Please pray for:

The children & their families within the church,
Tiny Tots Toddler group,

The two Parenting Courses running through June & July,
Maternity leave for Sophie; there is a lot to organise, we need people to oversee various areas of The Children's Ministry. Pray that Sophie will be led to ask the right people & that God will have already been preparing them in their hearts.

Pray for all our new baby arrivals & their families, whilst giving thanks to God.

Pray for the children who will all be moving school year groups /schools & some moving around our groups after the summer.
